

## CLASS OVERVIEW

New and veteran nursing home staff have indicated they need more opportunity to examine best practices for improving assessments and developing comprehensive care planning that ensures the health and well-being of their residents.

This day-long workshop, designed for the entire interdisciplinary team, will provide a comprehensive review for each of the 20 Care Area Assessments (CAAs), which establish the framework for developing, reviewing and revising residents' comprehensive plans of care.

Participants will gain a better understanding of:

The necessary components of a comprehensive assessment

- What procedures to follow in conducting the assessment
- The decision making process for when or when not to proceed to care planning
- Specific protocols to follow in documenting the assessment comprehensively
- Steps to resident-centered care planning

Examples will be provided for each of the CAAs and attendees will participate in a number of documentation exercises.

If you are looking for ways to simplify and individualize the care planning process and develop a functional resident-centered plan that ensures the best possible care for residents in your community, don't miss this opportunity!

**Registration Fee: \$125**

## FACULTY

Demi Haffenreffer, RN, MBA, President, Haffenreffer & Associates. Demi has made long-term care her profession since 1973, first as a Director of Nursing and for the past 25 years as a consultant.
