Leading Age and Demi Haffenreffer, RN Consultant are bringing the Community Based Nursing Class as a three-day webinar. All classes will be held from 9 am to 1 pm with pre and post-assignments in order to provide the usual 18 CEU's.

The class will provide the most contemporary information related to the standards and requirements in Community Based Care and to assist the participants in understanding the "systems perspective" when relating to the standards and requirements. The program includes two days of didactic/lecture material and exercises/demonstrations related to the systems and processes required for a quality operation as well as the overall requirements and regulations, safety and infection control, and the nurse's role in training and forwarding the facility systems and processes. The third day is devoted entirely to quality and the survey process. The pre and post assignments are designed to improve comprehension of the subject matter.

OBJECTIVES

- Review and discuss the Oregon Administrative Rules (Chapter 411 Division 54 & 57) and how these relate to the role of the licensed nurse
- Understand the systems and processes needed to maintain regulatory compliance and quality health services
- Define the role of the licensed nurse (RN & LPN) in the Community Based Care Setting
- Review and discuss the State Board of Nursing Scope of Practice Rules for
- Non-injectable Medications and for Delegation – Division 47
- Understand the Oregon Requirements for Abuse Investigations and reporting – Chapter 411 Division 20
- Define "person-centered interdisciplinary approach" to care
- Review and discuss the components of an effective quality improvement system
- Demonstrate an understanding of "Root Cause Analysis" using case studies

FACULTY

Demi Haffenreffer, RN, MBA, President, Haffenreffer & Associates. Demi has made long-term care her profession since 1973, first as a Director of Nursing and for the past 25 years as a consultant. She has taught workshops nationally and internationally on a variety of subjects pertinent to Long-term and Community-based Care and is highly sought after for her consulting expertise by nursing homes, assisted living and residential care communities in Oregon and around the country.

WHO SHOULD ATTEND

RNs and LPNs practicing in Oregon Assisted Living, Residential Care and Memory Care communities. Information provided will also be valuable for Administrators and Executive Directors seeking to better understand the role of the nurse and best practices in Community-based Care health services.

TIME

9:00 a.m. to 1:00 p.m.
