## Addressing ICE, Immigration, and Other Federal and State Concerns of Staff and Residents

OCTOBER 21, 2025 | 10:00AM

Communities across the country are navigating complex questions related to immigration, federal enforcement activity, and state regulations that impact both staff and residents. This webinar will provide timely information and guidance on how to respond when Immigration and Customs Enforcement (ICE) or other authorities make inquiries, as well as strategies for supporting staff and residents who may be affected by immigration-related concerns.

Participants will gain:

- An overview of relevant federal and state laws and regulations
- Practical steps to prepare your organization for potential encounters with enforcement agencies
- Best practices for supporting staff and residents while maintaining compliance
- Resources to help ensure safety, understanding, and clear communication within your community

Join us for this important session to strengthen your organization's readiness and provide peace of mind for those you serve.
