Date: June 3, 2020

TO: Nursing Facility and Community Based Care Providers

FROM: Safety, Oversight and Quality

RE: **Infection Preventionist Training Webinars & Materials**

All nursing homes across the country are encouraged to take advantage of weekly National Infection Control Training webinars. This training will focus on all aspects of infection control, prevention and management to help nursing homes prevent the transmission of COVID-19 in facilities and keep residents safe. Please find links to Infection Preventionist training materials and weekly webinar information below. This is a great learning opportunity for Long-term Care providers.

Weekly webinar series will be offered every **Thursday, 4-5pm ET, through July 16**. These trainings are recorded so they can also be accessed on demand.

Register for trainings here: <https://qioprogram.org/nursing-home-trainings>

Infection Preventionist Training Materials and resources can be found at:

- [Establishing an Infection Prevention Program, and conducting ongoing Infection Surveillance in the Nursing Home](#)
- [Infection Preventionist Orientation Checklist](#)
- [Infection Prevention Post-Acute Risk Assessment Prioritization Worksheet](#)
