

# Let the Sun... Shine!

A Special Solar Energy Event

**April 22, 2023**

**8:30am-11:30am**

**Springbrook Meadows  
Community Center**

**4061 Hayes St., Newberg**

**Register at:**

**[friendsview.org/event/solar-energy-event/](https://friendsview.org/event/solar-energy-event/)**

**Discover the Who, What, Where,  
When, and Why of locally-generated  
renewable energy.**

# 4 Speakers, 1 Event

Learn from keynote speakers, Lou Stagnitto, John Pitney, Rachel O'Keefe, and others on the clear vision of building visible rooftop solar arrays on churches, synagogues, and other faith-based organizations all over Oregon. The project aims to empower local communities to work together to tackle our common climate concerns.

**Rachel O'Keefe** will share on the *How* of solar energy

**Lou Stagnitto** will share on *What* is available for leasing, purchase, and for free

Additional guest speakers will share on **the Where, When, and Why**

**CLEAResult**<sup>®</sup>

## Directions and Parking

The address for the Springbrook Meadows Community Center is 4061 Hayes St. However, some GPS directions don't always go directly to the building. It is easiest to find it by driving down Providence Drive. It is past the hospital and the Oregon Clinic. There is plenty of parking, but if you cannot find a spot, the Oregon Clinic is graciously allowing us to use their lot.
